Subject Letter no. 9 dated the 13th October 03 from the President of the Municipal Commission, Bangalore City, soliciting sanction to the continuance of the existing scale of the "Octroi" "Road Repair" and "Garden" Establishments

---

The Comptroller having taken objection to the existing scales of establishments maintained by the Bangalore City Municipality on account of Octroi Collection" Road Repairs and "Gardens" as being unauthorized, the President solicits sanction thereto. The current year's Budget contains provision for existing scales of establishments

The original scales and those
by Government subsequently, as also the
scale of establishments now retained by
the President and for which sanction
is applied for are shown hereunder.

The toll collections having been
leased out on contract the scale of estab
ment was revised by a sub-committee and

the scale so revised was embodied in the draft Municipal Budget for the year 1902-03. As the proposal resulted in a net decrease of Rs 2130/- according to budget figures or Rs 93/- in reality when the scale was allowed by Govt when passing the Budget. (vide G.P no 13109-14-L7 11-02 dy 26th Feb. '03 - para 9). The President has now applied for specific orders for the modified scale.

it is due to subsequent modifications in the scale not having been known in the budget for 1901-02. Rs 93/- represents the difference between the sanctioned scale & the modified scale maintained by the President.

II Road Repairs Establishment :-

The municipality maintains at present a permanent gang for road repairs and its cost is being met every year in the provision made under the head Road Repairs works under the head Road Repairs The gang consists of the following

~~12~~ 10 men	at 7-8-0		210-0-0
14 women	4-8-0	=	63-0-0
4 Carts	20-0-0	=	80-0-0
2 Waddars	15-0-0	=	30-0-0
4 Head Coolis	8-0-0	=	32-0-0
4 Mistaddrs	10-0-0	=	40-0-0
Total per month		=	455-0-0

8. The Municipality has recently asked an Engine Driver on Rs 30/- a month without obtaining Govt sanction. There is, no doubt, provision in the Budgets for 1902-03 & 1903-4 for this item, and the President thinks it to be a sufficient authority for incurring expenditure. The Comptroller has pointed out the irregularity, and hence the President's present application for sanction. An Engine Driver seems to be absolutely necessary to work the Municipal Engine and to see to the oiling &c when the machine is not employed. The pay of the Engine Driver is included in the ^ provision for Road repairs under "VIII P.W.(6)" and not under "VIII P.W. a Establishments."

VIII Garden Establishment.

The scale hitherto in existence

And the scale provided for in the President's

years Budget are given hereunder:-

Old scale 1900-01		Existing scale as in Budget of 1901-02 & subsequent years	
1 Head gardener at 9	= 9	Head gardener at	= 12
2 Gardeners 5 at 6	= 30	Gardener 2 at 7	= 14
3 do	-	do 3 at 6	= 18
4 do for Cenotaph	= 5	do at 6	= 6
5 Sweepers at 4	= 4	Sweeper at 5	= 5
per month	= 48	Rs	= 55

In this case also there is no authority sanctioning the existing scale beyond the retention of the proposed provision in the municipal budgets for 1901-02 & 1902-03 as well as 1903-04

Submitted for orders as to whether sanction may be accorded to the existing scales of establishments for all of which provisions exist in the current year's Budget

The President in this case has not reported the alterations made by him from time to time in the sanctioned scale, and obtained Govt sanction thereto. This being so, it is not understood how he expects

Government to convey sanction to what he did without authority; though it may be necessary to retain the existing scale, the President may if approved, be asked, ~~to~~ ~~proceed~~ ~~forward~~ at once, to stick up to the scale sanctioned by Govt. & informed that Govt are not prepared to ~~authorize~~ sanction the unauthorized expenditure incurred by him.

FROM

THE PRESIDENT,
Municipal Commission,
Bangalore City.

To

The Secretary to the Government
of His Highness the Maharaja of Mysore,
General & Revenue Departments,
Bangalore.

SIR,

According to docket no 345/17 dated the 10th instant from the Comptroller (copy of which is herewith forwarded for reference) requesting me to obtain sanction of Government for the redistribution of Scale of the Octroi Department as it stands at present for the creation of the post of an Engine Driver and for the increases given to the Servants of the Municipal Garden, I have the honor to state with reference

to the 1st objection that the extra establishment sanctioned for the combined Toll and Octroi Department having been considered to be superfluous after leasing out the Toll Collection on contract. The scale of establishment was revised by a Sub. Committee. This revised scale latterly approved of by the Board was submitted to Government for orders. In para 9 of their Proceedings No 13109-14 / L-7 11-02 dated 26th February 1903 the Government were pleased to sanction the proposal. The Comptroller still wants more specific orders to enable him to audit the charge.

W. Pitts

With reference to the appointment of the Engine-driver, I beg to state that after the purchase of a steam road roller, the services of a trained hand to work the Engine on the roads and to see to the oiling &c of the Machine when not employed, became absolutely necessary

His pay, as in the case of the permanent gang, is met out of the amount provided in the Budget for "Roads Repairs".

Owing to the small rate of pay given to the Servants employed in the Municipal Garden compared with what men of their class get elsewhere and to make their stick on to their appointments,

a small increase of Rs 7/- sanctioned by Government for the whole establishment in 1901-1902 was given to them with effect from 1st July 1902 as they were unwilling to continue in the employment if the sanctioned promotions were held in abeyance any longer.

Under these circumstances I beg that you will be so good as to obtain the orders of Government for the above arrangements being continued and the Comptroller informed of the same.

I have the honor to be
Sir,
Your most obedient Servant

Enclosure No.

With reference to his remarks on this office audit objection statement no 7 dated 27 June 1903 against Vouchers no 48, 115, 28, has the honor to observe that the authority quoted by him simply sanctions the Budget grants but does not approve of the increase, decrease or re-distribution made by him in the scale of Establishments in his Municipality. His particular attention is invited to Note 1 Article 156 Chapter 10 of Civil Account Code Vol I 5th Edition Unless

Government expressly mentions As, approval of the alterations in the Scale made by him in the body of the Budget, the President should never bring it into effect

The wrong impression on the part of the President that the mere inclusion of a provision in the Budget is an authority for its payment, has resulted in so many variations in the Sanctioned Scale of the Establishments noted below:—

Octroi The permanent Scale of the Octroi Estt, as detailed in Margin (A) is Rs 536/- When the Temporary Estt: amounting to Rs 61/- originally Sanctioned in Pros no 575-6 / 7194-94 dated 14 July 1900 ceased at the end of June 1902, the President amalgamated this with the Permanent one and reduced the latter from Rs 536/- to Rs 443/- and redistributed it as detailed in Margin (B) no formal Sanction of the Government therefore was obtained.

Road Repairs Establishments.

The Scale of this Establishment has been increased from Rs 455/- to Rs 485/- & the President States, that this increase was Sanctioned in Pros no 1310 9-14 / 7 11-02 dated 26th February 1903 while nothing is stated therein.

Garden Establishment

The total Sanctioned Scale of this Estab-lishment amounts to Rs 48/- while the President revised and raised it to Rs 55/ in the Budget 1901-1902

For the past one year the President has been maintaining these altered Scales without Government orders in spite of repeated dockets and Audit memoranda issued from this office

So, he is requested to give his personal attention in this matter and obtain the orders of Government for such redistribution and excess of Scale in the various establishments mentioned above.

An early disposal is requested

SIR,

With reference to Government Proceedings No.2167-8/L.F.194-94 dated the 8th December 1903, according sanction to the existing scale of Octroi and other Establishments of the Bangalore City Municipality and calling for an explanation for not obtaining special sanction of Government for payment to certain Establishments at the revised rates, I have the honor to state that the Sub-Committee appointed to investigate the Board's finance revised the scale of - Establishments and submitted their proposals for the consideration of the Board. The Board generally approved of the Sub-Committee's proposals and Government sanction was accorded thereto. This sanction of Government together with the Board's resolution was considered sufficient authority to the disbursement of pay to some Establishments at the revised rates. I regret that the orders of contained in the Government Proceedings of June 1892 were lost sight of Care will be taken in future to obtain special sanction of Government in the cases like those under reference.
